

POWERING YOUR PROFITS TOUR

AGRONOMY + MANAGEMENT
MARKETING + MORE

WEDNESDAY, NOV 15 9:00 AM - 3:30 PM
VEGREVILLE SOCIAL CENTRE

MIKE JUBINVILLE, SENIOR ANALYST – PROFARMER CANADA

Seeing the Forest for the Trees - There is plenty of focus on daily grain market oscillation, but the big picture outlook may be telling us a different story. Big Crops globally are being matched by big demand.

MERLE GOOD, FARM MANAGEMENT ADVISER – GRS LIMITED

Proposed Changes to Federal Tax Laws - Merle will provide an update on proposed tax changes and how they may affect your farm. Learn about the proposed rule changes and their impacts on converting wealth into retirement income, restrictions in farm transfers, and potential reductions in your capital gains deduction.

DAN ORCHARD, AGRONOMY SPECIALIST – CANOLA COUNCIL OF CANADA

BRUCE GOSSEN, RESEARCH SCIENTIST – AGRICULTURE & AGRI-FOOD CANADA

Clubroot... Coming to a Farm Near You - Dan will discuss clubroot discoveries, how to slow the spread of clubroot and how to manage the disease to continue successfully growing canola. Bruce will share the latest research results and the projects that underway.

NEIL HARKER, RESEARCH SCIENTIST – AGRICULTURE & AGRI-FOOD CANADA

Canola Rotation Agronomics & Economics - Neil will summarize some short and long-term canola rotation studies he has been involved in. Data from several Prairie locations showing yield, pest and economic implications of continuous canola versus more diverse rotations will be presented.

BREANNE TIDEMANN, RESEARCH SCIENTIST – AGRICULTURE & AGRI-FOOD CANADA

Herbicide Resistance and Harvest Weed Seed Control in Western Canada - Breanne will discuss the current state of herbicide resistance in western Canada. She will then introduce Harvest Weed Seed Control as a potential control option, what research has been conducted, and what research is ongoing throughout the Canadian Prairies.
