MIKE JUBINVILLE, SENIOR ANALYST – PROFARMER CANADA

Seeing the Forest for the Trees

There is plenty of focus on daily grain market oscillation, but the big picture outlook may be telling us a different story. Big Crops globally are being matched by big demand.

ROB STRILCHUK, TAX PARTNER – MNP

Proposed Changes to Federal Tax Laws

Rob will provide an update on proposed tax changes and how they may affect your farm. Learn about the proposed rule changes and their impacts on converting wealth into retirement income, restrictions in farm transfers, and potential reductions in your capital gains deduction.

IAN EPP, AGRONOMY SPECIALIST – CANOLA COUNCIL OF CANADA

5 Things Your Neighbours Need To Do To Improve Their Yields

From planting time to harvest, top agronomy tips to help your neighbours improve their canola yields and increase their profitability.

TOM WOLF, SPRAYER SPECIALIST – AGRIMETRIX RESEARCH & TRAINING

What's New in Sprayer Technology

Tom Will review the technology developments to expect for 2018, including magnetically charged sprays, what dicamba drift means for western Canada, new nozzles, and changes to Pulse Width Modulation.
